In an effort to educate the voters on crucial issues facing America we are striving to fairly portray all candidates and ensure that our voter guides are non-partisan. Your assistance in answering these questions will help accomplish this. Our guides will be made available to any individuals or organizations that request them. Please send back to us by August 15th for inclusion in our 2004 Election Voter Guide.

Social Security Policy

- I support complete privatization of social security [checked]
I support allowing individuals to invest a portion of their contribution []
I support keeping social security under the control and protection of the US government []
I hold another position not listed above [checked]
Details on other position While saving for retirement is wise, government has no power to mandate saving, nor is Soc. Sec. currently anything other than a tax, and therefore should be eliminated.

Health Policy

- I support a national health care system []
I support government intervention in the rising costs of health insurance []
I support less involvement by the government in health care []
I support non-involvement by the government in health care [checked]
I hold another position not listed above [checked]
Details on other position Eliminate Medicare, Medicaid and taxpayer subsidized prescription drugs.

Reproductive Policy

- I support a woman's right to choose [checked]
I support a woman's right to choose, but oppose partial birth abortion []
I oppose abortion, except in cases of rape, incest or the life of the mother []
I oppose abortion, except in cases involving the life of the mother []
I oppose abortion in all cases []
I hold another position not listed above [checked]
Details on other position Late term abortion is murder. But if I allow government to dictate what a woman can do with herself, then she does not own herself, and I cannot allow that. For government could then claim to own us all. Abortion should be handled outside government by shaming and providing adoption centers.

Environmental Policy

- I support federal government protection of our nation's wilderness []
I support federal restrictions on logging []
I support drilling in ANWAR for oil []
I support reducing our reliance on Middle East oil []
I support the development of alternative sources of energy []
I hold another position not listed above [checked]
Details on other position The Constitution forbids the federal government from controlling any land except that needed for its buildings. I would auction off all non-BLM federal land, and pay off the national debt. BLM land would be returned to the States. A market free from government regulation will provide energy production if there is a demand.

Gun Policy

- I support the elimination of all gun ownership by adults
- I support limited restrictions on gun ownership by adults
- I support laws allowing concealed carry of firearms
- I oppose all restrictions on gun ownership by adults (excluding convicted felons)
- I hold another position not listed above
- Details on other position I oppose ALL restrictions on any person owning and bearing any arms, especially arms useful to the military, including guns, other than the right of a private property owner to control what is brought onto their property.

Judicial Policy

- I support judges who view the Constitution as a living, breathing and changing document
- I support judges who view the Constitution as a fixed, solid and unchanging document
- I support the Constitution Restoration Act of 2004 and similar legislation
- I hold another position not listed above
- Details on other position The Constitution is only about defining the federal government, and the severe and explicit limitation of its powers. Period.

Tax Policy

- I support raising taxes to stimulate the economy
- I support lowering taxes to stimulate the economy
- I support eliminating the capital gains tax
- I support eliminating the corporate dividend tax
- I support eliminating the estate tax
- I support eliminating the IRS
- I hold another position not listed above
- Details on other position I support the elimination of all taxes. Go back to tariffs. Sell off all federal lands, pay off the national debt, invest the remainder, and whatever interest is generated Congress may spend, with Congressmen held individually liable for any annual debt exceeding \$300,000.

Religious Policy

- I support the complete separation of church and state
- I support the acknowledgement of God by government officials in public
- I support the public display of the Ten Commandments
- I support prayer and Bible study in public schools
- I support taxpayer funding of religious organizations
- I hold another position not listed above
- Details on other position _____

Foreign Policy

- I support an open-border trade policy
- I support a protectionist trade policy
- I support the war in Iraq
- I support the ongoing war on terrorism
- I support more involvement in the United Nations
- I support our current level of involvement in the United Nations
- I support a more limited involvement in the United Nations
- I support complete withdrawal from the United Nations
- I hold another position not listed above
- Details on other position The "war on terrorism" is destroying our civil rights, the War in Iraq is criminal and creating far more terrorists than it is killing, and government should not be involved in any business, including trade.

Immigration Policy

- I support having open-borders with our neighbors
- I support tightly restricted borders with our neighbors
- I support the proposed 'Temporary Worker Program'
- I oppose any amnesty for illegal aliens
- I support the deportation of illegal aliens
- I hold another position not listed above
- Details on other position Eliminate all government welfare, and you do not have to worry about people coming to the USA other than to be productive. Government lacks the Constitutional authority to keep people out of the USA.

Education Policy

I support a voucher program for the District of Columbia

I support a strong federal involvement in education

I support limited federal involvement in education

I support no federal involvement in education

I support state control of education

I support limited state involvement in education

I support no state involvement in education

I support local control of education

I hold another position not listed above

Details on other position Government should stay out of education. Period. Government uses public education for its own interests and propaganda purposes. Parents are responsible for their children, and their upbringing.
